INTRODUCTION

1.0 INTRODUCTION

1.1 FAMS Overview

The Federal Award Management System (FAMS) provides a secured application for State recipients of federal awards to create a record for each federal award received and attach supporting documentation in PDF format to the record. The award records that are created will establish a master database of Federal Awards held by State entities with basic query and report features.

1.2 How to Use This Manual

This manual serves both as a training tool and reference guide for FAMS Editors. It is intended for users of all experience levels and assumes that users have a basic understanding of Microsoft Windows and web browsers.

The manual provides basic procedures for Editors to use the application, such as how to create an award record, how to revise an award record and how to search for award records.

The manual is structured to assist the reader to quickly refer to and comprehend information. It is also designed with a consistent layout, color-coding and notation conventions, detailed as follows.

Chapters and Pages

The User Manual is divided into chapters and sections with appropriate headings and numbering, guided by the following conventions:

- Chapter/section numbers, chapter/section headings, and their page numbers are listed in the Table of Contents at the beginning of the manual.
- In the Table of Contents, each chapter heading is **bold**.
- The chapter heading is always present on the top right corner of each page (e.g., INTRODUCTION).
- The version number and date identify the Datamart version the manual applies to and is always present in the bottom left corner of each page.
- The page number is always present in the bottom right corner of each page.

INTRODUCTION

Font and Style Conventions

The following font and style conventions are used consistently throughout the manual:

- Arial 11 Normal
Used for normal text.
For example, this text.
- Arial 11 Bold
Used for labels found on pages and dialogs.
For example, **DUNS Number**.
- Arial 11 Bold Underlined
Used for sub-headings not in the Table of Contents.
For example, **Font and Style Conventions**.
- Arial 11 “Bold”
Used for buttons found on pages and dialogs.
For example, “**Go Back**”.
- Arial 11 Italic
Used for document references.
For example, refer to *How to User This Manual*.
- Arial 11 “Italic”
Used for options available for a data element.
For example, “*Appropriated*”.
- Arial 11 <Italic>
Used for keys on the keyboard.
For example, <Enter>.

GETTING STARTED

2.0 GETTING STARTED

2.1 Accessing the FAMS Application

You will need a Datamart user account to use FAMS. Please refer to the Datamart User Manual for the procedures for setting up a Datamart user ID. Your Datamart user ID will be assigned a user group that defines your role in Datamart; it will also be used to define your role in FAMS.

Once you have a Datamart user account setup, you will need to obtain access to the FAMS application from the Department's Datamart Coordinator.

The user groups used by FAMS are as follows:

- Dept User – The user may create/maintain/view award records for their department.
- Div User – The user may create/maintain/view award records for the division assigned to them by the system administrator.
- Program User – The user may create/maintain/view award records for programs assigned to them by the system administrator.
- FAMS Viewer – The user may only view award records based on the above groups.
- FAMS Editor – The user may create/maintain/view award records based on the above groups.

For example, a user assigned to the Dept User and FAMS Viewer groups may view all award records for their department; while a user assigned to the Div User and FAMS Editor groups may create, maintain and view award records for the division assigned to them by the system administrator.

2.2 Opening the FAMS Application

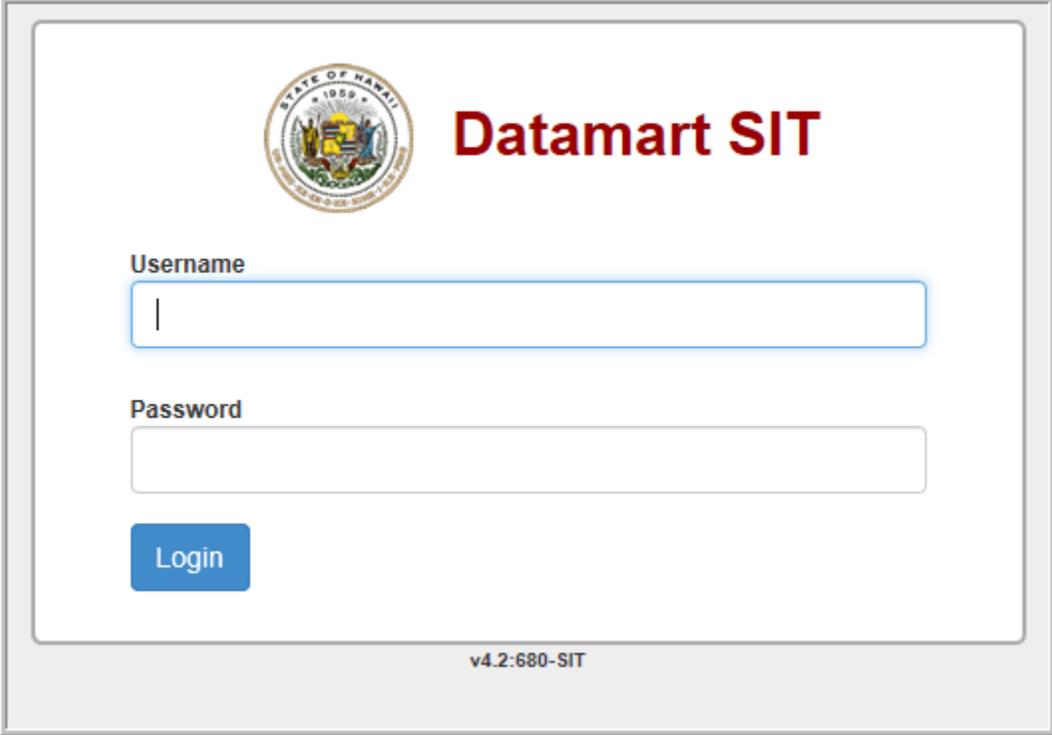

The FAMS application may only be accessed via the Datamart application; the Datamart application can be accessed via the following URL:

<http://famisdart.hawaii.gov>

The application was developed to be compatible with Microsoft Internet Explorer v8 and older, and as an intranet application (i.e., it can only be accessed from within the State's network).

Welcome back to the Datamart, Gordon!

- To navigate through the *Datamart Application* use the *menu* at the top of the page.
- This menu will be available on every page enabling you to easily switch between sections.
- Hold the mouse over any of the menu topics. If available, a drop down list will appear displaying it's sub-topics.
- Then proceed to select the sub-topic you wish to view, by clicking on it with the mouse.
- You can always return to the home page (this page) by clicking on the 'DATAMART' text in the upper left.
- To change your password hover over your name and select *Change Password* from the drop down list.
- To logout of Datamart click *Logout* in the upper right.

-----------------------------------------------------------------------------------	-------------------------------------------------------------------	-----------------------------

3.0 GENERAL FEATURES

Once you have successfully opened open the FAMS application a number of common features are available for your use on most, if not all of the pages.

3.1 Page Header

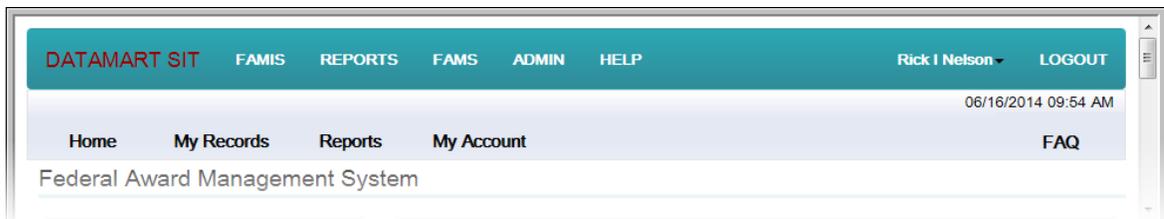

All pages have the same “header” displayed at the top of the page:

Refer to the Datamart User Manual for further instructions.

3.2 FAMS Menu Bar

The FAMS Menu Bar is displayed immediately below the page header to enable you to navigate between the FAMS functions you are authorized to use:

Clicking on an item in the Menu Bar will take you to the page that supports that function.

GENERAL
FEATURES

3.3 Date Picker

Enterable date fields have a special widget, the Date Picker, associated with them:

A screenshot of a date picker calendar for June 2014. The calendar is a grid with days of the week (M, T, W, T, F, S, S) and dates (1-30). The date 2 is highlighted in blue. The calendar is titled "2014 Jun" and has navigation arrows on either side.

2014 Jun						
M	T	W	T	F	S	S
26	27	28	29	30	31	1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	1	2	3	4	5	6

When you click or tab to a date input field, a pop-up calendar is displayed. You then have the choice to enter the date via the keyboard or navigating to and clicking on a date within the calendar.

If you choose to enter the date, it must be in the format MM/DD/YYYY; for example, all of the following formats are valid:

06/02/2014

6/2/2014

06/2/2014

6/02/2014

CREATING AN AWARD RECORD

4.0 CREATING AN AWARD RECORD

A FAMS award record contains information pertaining to a specific federal award.

The creation of a new award record is initiated by pressing the “**Create an Award Record**” button on the FAMS Home page:

Quick Links

+ Create an Award Record

What's New?

Welcome to the Federal Award Management System (FAMS)

The Federal Award Management System (FAMS) is a feature of Datamart that provides a secure application for State recipients of federal awards to create a record for each federal award received and attach supporting documents in PDF format to the record. The award records that are created will establish a master database of Federal Awards held by State entities.

A [User Guide](#) and [Frequently Asked Questions \(FAQs\)](#) describe the functionality of FAMS. The [FAMS Data Field Definitions](#) describes each field on the award record.

To Start:

Creating a Draft Record:

1. When you are ready to create a federal award record, click on the 'Create an Award' button to the left.
2. You may click on the 'Save Changes' button at any time to create a draft record. A 'FAMS ID' number will be system assigned to the record the first time the 'Save Change' button is clicked.
3. After all of the required fields noted with an asterisk (*) are entered and saved, you will have to attach a PDF copy of the Federal Award Notice to the record before the record can be submitted to B&F for review. In the 'Supporting Documents' section, you will see a field called 'Document Type.' Select 'Federal Award Notice' from the drop-down menu, click on the 'Browse' button to locate the PDF copy of the federal award notice on your computer then click on the 'Upload File' button.
4. After you have attached the Federal Award Notice, click on the 'Submit to B&F' button. B&F will review the FAMS record by comparing the data entered against the federal award notice. After B&F approves the record, you will receive an email notice that the record has been approved. Note, you will not be able to edit the record once it has been submitted to B&F for review.
5. You may view or download your award records from the 'My Records' tab.

Revising an Award Record:

1. To revise an award record that has been approved by B&F, go to the 'My Records' page and click on the View icon (👁) to view the record. After 30 days, the record will no longer display on the "My Records" page so go to the "Reports" page, search for the record and click on the View icon (👁) to view the record.
2. Click on the 'Revise This Award' button. The award record form will open.
3. After revisions have been made, click on the 'Submit to B&F' button.

The “**Create an Award Record**” button is also available on the My Records page:

The screenshot shows the 'FAMS - My Records' page. It features a navigation bar with 'Home', 'My Records', 'Reports', and 'My Account'. Below the navigation, there is a 'Display Status Legend' and a 'Create an Award Record' button. The main content is divided into two sections: 'My Draft Award Records' and 'Submitted Award Records'. Each section contains a table with columns for FAMS ID, Dept., Program ID, Federal Award Identification No., Award Program / Project Title, CFDA Number, Award Amount, Status, and Date Saved or Returned/Recorded.

CREATING AN
AWARD RECORD

The Award Record Form will open:

The following buttons are displayed in the Actions section at the top and bottom of the page; a button may be pressed at any time:

“**Go Back**” may be pressed to return to the previously displayed page.

“**Save Changes**” may be pressed to save a draft of the award record to the database. The first time you press “Save Changes, a FAMS ID is assigned to the award record and if you choose to leave the form, you may later open the saved draft from the My Records page to resume entry of the award record (refer to the Managing My Award Records chapter for details).

“**Submit to B&F**” may be pressed to submit the award record to Budget & Finance for review.

The fields that are marked with an asterisk (*) are required for submission. If you press the “**Submit to B&F**” button and one or more of these required fields do not have a value entered, an error message will be displayed and the missing fields will be high-lighted. For example:

CREATING AN AWARD RECORD

To add an **Award Note** to the record, press the “**Add Note**” button; this will open a dialog for you to enter the note:

The screenshot shows a dialog box titled "Add/Modify Award Notes". It contains a large, empty rectangular text area for entering notes. At the bottom right of the dialog, there are two buttons: "Save" and "Close".

You may enter up to 6,000 characters.

You may “**Edit**” and “**Delete**” notes already added to the award record **ONLY** when the record is in “*DFT*” status. Once the award record is recorded (REC), the note cannot be edited or deleted.

To add a Note after the award record is in “REC” status, find the record you wish to revise by viewing your Submitted Award Records queue on your My Records page (refer to 6.1) or by searching for the award record on the Reports page (refer to 6.2). Once you have found the award record, click the View icon () to open the award record in a PDF report format and then click on the “Award Notes” tab.

A Note may be entered on the record by a Department User, Program User or Super User with Editor permission once the award record is in “REC” status.

Notes will display in chronological order (last entry first) and tagged with the editor’s name, date and time.

The Notes page is printable in PDF format.

REVISING AN AWARD RECORD

5.0 REVISING AN AWARD RECORD

After an award record has been recorded in the FAMS there will be times when you may need to revise data entered for the federal award notice.

The revision of a recorded award record is initiated by following these steps:

1. Finding the award record you wish to revise; you may do this by:
 - Viewing your **Submitted Award Records** queue on your **My Records** page (refer to 6.1).
 - Search for the award record on the **Reports** page (refer to 6.2).

You will have to use the **Reports** page to find the award record if more than 30 days have passed since the award record was recorded or if the award record was recorded by someone else. If you cannot find the award record on the **Reports** page then the award record was entered for a department or program ID that you do not currently have Data Mart privileges to view.

REVISING AN AWARD RECORD

- Once you have found the award record you wish to revise, click the View icon (📄) to preview the award record in a PDF report format.

The screenshot shows the 'FAMS - Award Record Review' page. At the top, there is a navigation bar with 'DATAMART FAMT', 'FAMIS', 'REPORTS', 'FAMS', and 'HELP'. The user is logged in as 'Dolores M. Cook' and the date is '05/14/2015 01:56 PM'. Below the navigation bar, there are tabs for 'Home', 'My Records', 'Reports', 'My Account', and 'FAQ'. The main content area is titled 'FAMS - Award Record Review' and contains two main sections: 'Navigation' with a 'Go back' button, and 'Revision Actions' with a 'Revise this Award Record' button. Below these are tabs for 'PDF Preview', 'Supporting Documents', and 'Award Notes'. The 'PDF Preview' tab is active, showing a detailed report for a Federal Award Identification No. of 4194DRHIP00000001. The report includes sections for 'Award Recipient Information', 'Federal Award Information', and 'Award Notices'. The 'Award Recipient Information' section lists the Department (DEF), Program ID (DEF110), DUNS Number (090161246), and Project Manager (Vem Miyagi). The 'Federal Award Information' section lists the CFDA Number (97.036), CFDA Program Title (Disaster Grants - Public Assistance (Presidentially Declared Disasters)), Federal Awarding Agency (Department Of Homeland Security), Federal Award Identification No. (4194DRHIP00000001), Award Project/Program Title (FEMA 4194-DR TS Iselle), Federal Project / Performance Period (09/12/2014 - 02/28/2017), Liquidation Date (05/31/2017), and Closed Out? (No). The 'Award Notices' section shows the Award Date (09/12/2014) and Award Amount (\$6,000,000.00). The report also includes a 'Federal Contact' section with the name Samuel Ronveaux, phone (510) 627-7077, and email Samuel.Ronveaux@fema.dhs.gov. At the bottom of the page, there is a status bar with 'DATA STATUS: Data is Balanced', 'FAMIS as of: 03/19/2015', and 'v4.3.709-FAMT'.

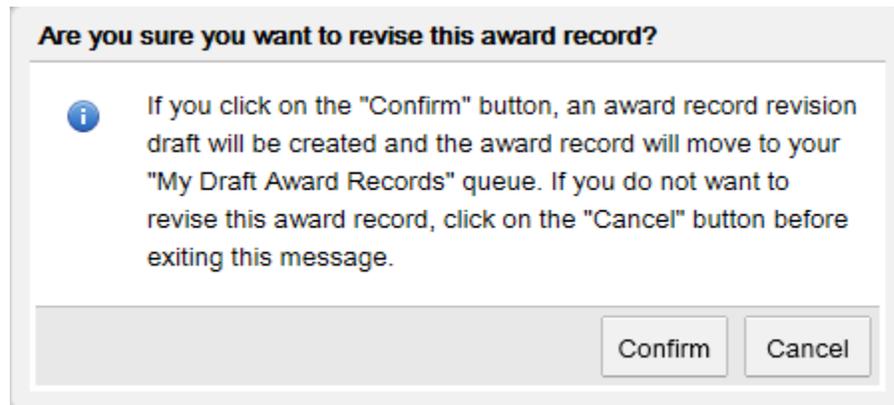

- Press the “Revise this Award Record” button.

REVISING AN
AWARD RECORD

- The following alert will display which gives you the option to exit without creating a revision draft record. If you press the **“Confirm”** button, an award revision draft record will be created and the award record will move to your “My Draft Award Records” queue. If you do not want to revise the award record, press the **“Cancel”** button before exiting the alert. Note that if you go to another display without pressing the **“Cancel”** button first, a revision draft record will be automatically created.

Once the award record’s revision draft has been created, you may save, edit and submit your draft to B&F for review the same as if you were creating a new record (ref. 4.0).

To discontinue the revision of the award record, find the record by viewing your Submitted Award Records queue on your My Records page or by searching for the award record on the Reports page. Pressing the Cancel icon (✖) will back out revisions made to a recorded award record and revert it back to the original award record.

REVISING AN AWARD RECORD

The only difference between a Draft Record and Revision Draft Record is that a **Close Out** checkbox is available in the Federal Award Information section for the Revision Draft Record. The **Close Out** box can be checked when the performance period and liquidation date for the award have concluded. Once approved, the award record's status will be updated to "Closed".

MANAGING MY AWARD RECORDS

6.0 MANAGING MY AWARD RECORDS

The My Records and Reports tabs in the FAMS menu are used to assist you in managing your FAMS award records.

6.1 My Records

The My Records page provides you with a snapshot of the award records you are in the process of creating (saved drafts) and the award records you have submitted to B&F for review or have been approved within the past 30 days.

My Records will also display a FAMS record created by another Program ID when your Program ID was entered on that record under "Appropriation Accounts" or as a Sub Recipient.

The screenshot shows the 'FAMS - My Records' page. It has a navigation bar with 'Home', 'My Records', 'Reports', and 'My Account'. Below the navigation, there are two main sections: 'My Draft Award Records' and 'Submitted Award Records'. Each section contains a table of records with columns for FAMS ID, Dept., Program ID, Federal Award Identification No., Award Program / Project Title, CFDA Number, Award Amount, Status, and Date Saved or Recorded. The 'My Draft Award Records' section shows three records with statuses 'DFT'. The 'Submitted Award Records' section shows one record with status 'REC'.

The following actions may be done from the award records display:

- Edit icon (✎) to continue the creation of the award record. This will open the Award Record Form (refer to the Creating an Award Record chapter).
- Cancel icon (✖) to discontinue the creation or revision of the award record. This will remove an award record draft from the application or back out revisions made to a recorded award record.
- View icon (📄) to preview the award record in a PDF report format. Refer to the Reports section for details.

6.2 Reports

The Reports page allows you to query for award records that you are authorized to view, based on your Datamart privileges. Your search results will also display a FAMS record created by another Program ID when your Program ID was entered on that record under “Appropriation Accounts” or as a Sub Recipient.

The screenshot shows the 'FAMS - Award Query' page. At the top, there is a navigation bar with 'DATAMART SIT', 'FAMIS', 'REPORTS', 'FAMS', and 'HELP'. The user is logged in as 'mark anderson' and the date is '11/16/2014 11:08 AM'. Below the navigation bar are tabs for 'Home', 'My Records', 'Reports', 'My Account', 'Admin', and 'FAQ'. The main content area is titled 'FAMS - Award Query' and contains a 'Search Criteria' section. This section includes several input fields: 'Federal Award Identification No.', 'FAMS ID', 'Department' (with a dropdown menu showing options like 'AGR - AGRICULTURE', 'AGS - ACCOUNTING AND GENERAL SERVICES', 'ATG - ATTORNEY GENERAL', and 'BED - BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM'), 'Program ID' (with a dropdown menu showing options like 'AGR101', 'AGR122', 'AGR131', and 'AGR132'), 'Status' (with a dropdown menu), 'Recorded Date Range' (with two input fields), and 'CFDA No.'. A green 'Search' button is located at the bottom of the search criteria section.

Fill in none, or one or more of the **Search Criteria** fields, press the “**Search**” button, and the award records satisfying your criteria will display in the table.
